  - 1. Application for Widow's or Widower's Insurance Benefits -- 20 CFR
    404.335 404.338, & 404.603 -- 0960-0004. Section 2029(e) and 202(f) of
    the Social Security Act (Act) set forth the requirements for entitlement to
    widow(er)'s benefits, including the requirements to file an application. For
    SSA to make a formal determination for entitlement to widow(er)'s
    benefits, we use Form SSA-10 to determine whether an applicant meets the
    statutory and regulatory conditions for entitlement to widow(er)'s Title II
    benefits. SSA employees interview individuals applying for benefits either
    face-to-face or via telephone, and enter the information on the paper form
    or into the Modernized Claims System (MCS). The respondents are
    applicants for widow(er)'s benefits.

Type of Request: Revision of an OMB-approved information collection.

3. Statement for Determining Continuing Eligibility for Supplemental **Security Income Payment -- 20 CFR 416.204 -- 0960-0145.** SSA uses Form SSA-8202-BK to conduct low and middle-error profile (LEP/MEP) telephone, or face-to-face redetermination interviews with SSI recipients and representative payees, if applicable. SSA conducts LEP redeterminations interviews on a 6-year cycle, and MEP redeterminations annually. SSA requires the information we collect during the interview to determine whether: (1) SSI recipients met, and continue to meet, all statutory and regulatory requirements for SSI eligibility; and (2) the SSI recipients received, and are still receiving, the correct payment amounts. This information includes non-medical eligibility factors such as income, resources, and living arrangements. To complete Form SSA-8202-BK, the respondents may need to obtain information from employers or financial institutions. The respondents are SSI recipients and their representatives, if applicable.

Type of Request: Revision of an OMB-approved information collection.

- 4. Application for Supplemental Security Income -- 20 CFR 416.305 416.335, Subpart C -- 0960-0444. SSA uses Form SSA-8001-BK to determine an applicant's eligibility for SSI and SSI payment amounts. SSA employees also collect this information during interviews with members of the public who wish to file for SSI. SSA uses the information for two purposes: (1) to formally deny SSI for nonmedical reasons when information the applicant provides results in ineligibility; or (2) to establish a disability claim, but defer the complete development of non-medical issues until SSA approves the disability. The respondents are applicants

for SSI payments.

reports for children under age seven with the children's employers before posting to the earnings record. SSA uses form SSA-L3231, Request for Employer Information for this purpose. SSA technicians mail the form to the employer(s) and request they complete it and mail it back to the appropriate processing center. The respondents are employers who report earnings for children under age seven.

## 6. Wage Reports and Pension Information -- 20 CFR 422.122(b) -- 0960-0547. Pension plan administrators annually file plan information with the Internal Revenue Service, which then forwards the information to SSA. SSA maintains and organizes this information by plan number, plan participant's name, and Social Security number. Per Section 1131(a) of the Act, pension plan participants are entitled to request this information from SSA. The Wage Reports and Pension Information regulation,

There is no actual charge to respondents to complete the application.

20 CFR 422.122(b) of the Code of Federal Regulations, stipulates that before SSA disseminates this information, the requestor must first submit a written request with identifying information to SSA. The respondents are requestors of pension plan information.

Type of Request: Revision of an OMB-approved information collection.

- 7. Centenarian and Medicare Non-Utilization Project Development
  Worksheets: Face-to-Face Interview and Telephone Interview -- 20
  CFR 416.204(b) and 422.135 -- 0960-0780. SSA conducts interviews
  with centenary Title II beneficiaries and Title XVI recipients, and Medicare
  Non-Utilization Project (MNUP) beneficiaries age 90 and older to:

(1) assess if the beneficiaries are still living; (2) prevent fraud through identity misrepresentation; and (3) evaluate the well-being of the recipients to determine if they need a representative payee, or a change in representative payee. SSA field office personnel obtain the information through one-time, in-person interviews with the centenarians and MNUP beneficiaries, who are those Title II beneficiaries ages 90-99, who show non-utilization of Medicare benefits for an extended period and the absence of private insurance, health maintenance organization, or nursing home, which are all indicators that an individual may be deceased. If the centenarians and MNUP beneficiaries have representatives or caregivers, SSA personnel invite them to the interviews. During these interviews, SSA employees make overall observations of the centenarians, MNUP beneficiaries, and their representative payees (if applicable). The interviewer uses the appropriate Development Worksheet as a guide for the interview, in addition to documenting findings during the interview. SSA conducts the interviews either over the telephone or through a face-to-face discussion with the respondents either in a field office, or at the Centenarian or MNUP beneficiary's residence. Respondents are MNUP and Centenarian beneficiaries, and their representative payees, or their caregivers.

- II. SSA submitted the information collections below to OMB for clearance. Your comments regarding these information collections would be most useful if OMB and SSA receive them 30 days from the date of this publication. Individuals can obtain copies of these OMB clearance packages by writing to OR.Reports.Clearance@ssa.gov.

Farm Self-Employment Questionnaire -- 20 CFR 404.1082(c) & 404.1095 -- 0960-0061. SSA collects the information on Form SSA-7156 on a voluntary and as-needed basis to determine the existence of an

agriculture trade or business which may affect the monthly benefit, or insured status, of the applicant. SSA requires the existence of a trade or business before determining if an individual or partnership has net earnings from self-employment. When an applicant indicates self-employment as a farmer, SSA uses the SSA-7165 to obtain the information we need to determine the existence of an agricultural trade or business, and subsequent covered earnings for Social Security entitlement purposes. As part of the application process, we conduct a personal interview, either face-to-face or via telephone, and document the interview using Form SSA-7165. We also allow applicants to complete a fillable version of the form available on our website, which they can complete, print, and sign. The respondents are applicants for Social Security benefits whose entitlement depends on whether the worker received covered earnings from self-employment as a farmer.

Type of Request: Revision of an OMB-approved information collection.
